

# Root Position Broken Chords

1. Write in FACEGBD for the Treble Clef.
2. Notice that each pattern is ALL space or ALL line notes -- a "snowman" shape. Look for the LOWEST note in each bar. Color this note, and write its name.
3. Play the notes on the piano. Remember to always play left to right.

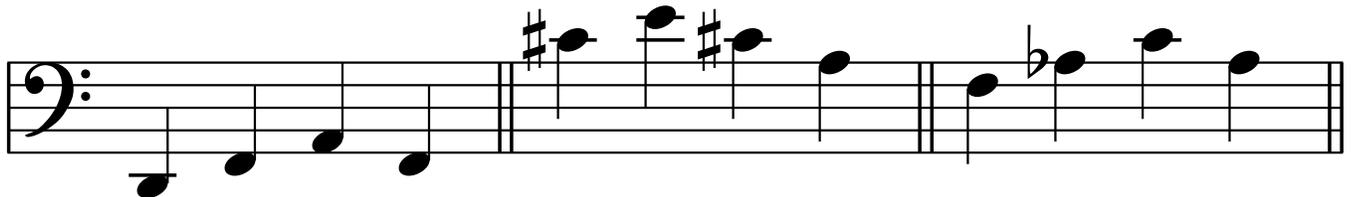

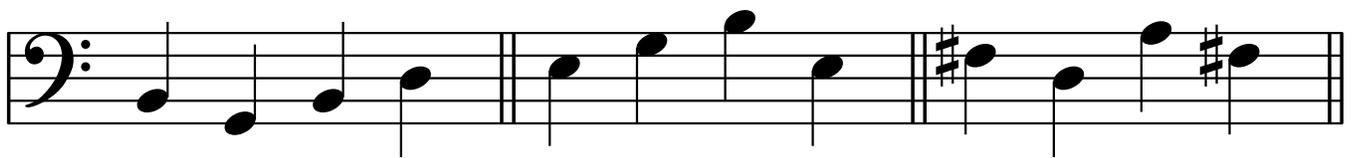

Draw your own broken chord patterns below.  
Color the lowest note, and then play them.
